

Use the **International Preferences Indicator** to raise self awareness about effective approaches to working internationally

International Preferences Indicator (IPI) Licensing Programme

Who is WorldWork?

WorldWork Ltd. is a London-based consultancy firm whose mission is to build the capability of individuals, teams and organizations to create and enjoy constructive relationships with partners from other countries. They are well-known for a variety of tools to help people learn how to operate more effectively in unfamiliar cultural settings.

What is the International Preferences Indicator (IPI)

- 🌀 A learning journey in the training room to identify and develop key qualities for working internationally
- 🌀 It enables you to take a close look at the suitability of your style in relation to your current or future international role

Key features

- 🌀 Web based psychometric questionnaire and feedback process
- 🌀 Defines ' Push & Pull "competencies, with 10 associated skills, Helps individuals contextualize their results to the unique demands of their roles
- 🌀 A peer coaching process has also been designed to then allow participants to create their own international development plans during the workshop itself, based on their personal IPI results
- 🌀 A dynamic set of animated cartoons, commissioned especially for the IPI, will help trainers to introduce the competencies quickly and memorably to your training groups.
- 🌀 Licensing process available to train consultants
